SCHOLARSHIPS

- Local Scholarship Program create a profile on the WashBoard. Scholarships will be available February senior year and due first week in March.
- TheWashboard.org. A scholarship matching search engine for Washington residents
- The institution you will be applying to or attending. All schools have a financial aid/scholarship tab on their website, usually under the admissions tab. There are scholarships for applying, visiting, GPA, etc.
- Your employer/parents' employer (including any clubs or organizations you or they belong to).
- National Search Engine such as goingmerry.com, bigfuture.com, fastweb.com, scholarship.com, cappex.com
- GP College and Career Center website/canvas page for specific scholarships

File FAFSA!

Many institutions will not award merit scholarships without a FAFSA on file.

Scholarship search engines require you to check back frequently for new scholarships. If you are not returning a lot of scholarships, reevaluate the search criteria you entered.

COLLEGE & CAREER PATHWAYS

YOU HAVE OPTIONS!

After high school, different paths lead to different types of credentials. You may need one (or several) of these credentials depending on your career interests and goals.

WORKPLACE

People who go straight into the workplace usually do not have any formal credentials beyond a high school diploma. However, some people on this path might complete an apprenticeship or other form of on-the-job training.

- Certificate for completion of training
- Apprenticeship

CTE (TECHNICAL) COLLEGE

Most technical colleges award a certificate to show completion of a program of study. Some also award associate degrees.

- Certificate or certification for completion of a program (one year or less)
- Associate degree (two years)

TRADITIONAL TWO-YEAR COLLEGE

Most community colleges award certificates or associate degrees, depending on the program. On average, an associate degree takes two years to complete for students who are able to go full-time. At some colleges, students can continue on for four years to earn a bachelor's degree. In two years, students typically earn an associate degree.

- Associate degree

TRADITIONAL FOUR-YEAR COLLEGE

Most four-year colleges award Bachelor's degrees. On average, a bachelor's degree takes four years to complete for students who are able to go full-time. The two most common types of bachelor's degrees are a B.S. (Bachelor of Science) or a B.A. (Bachelor of Arts)

- Bachelor's degree

GRADUATE SCHOOL

Many careers require specialized training and education beyond a bachelor's degree. Students attend graduate or professional school to receive this training and earn a graduate or advanced degree. Some advanced degrees include:

- Master's degree: most common are M.S. (Science) or M.A. (Arts)
- Business degree (M.B.A. for Master of Business Arts)
- Medical degree (M.D. for Medical Doctor)
- Law degree (J.D. for Juris Doctor)
- Doctorate degree (Ph.D. for Doctor of Philosophy)

NATIONAL SERVICE

- Military Options
 - ROTC
