

## **CURRICULUM/INSTRUCTION**

### **Alternative Learning Experience Program**

#### **Re-Entry Program**

Re-Entry Program is an alternative program offered by the Snohomish School District for students in grades 9-12. The program is designed to serve students who need to change from the regular high school due to violation of the attendance procedures, suspension, parent request, desire to enter Snohomish High School or Glacier Peak High School too late in a semester to be assimilated into the regular school, or individual personal needs which prevent them from succeeding in the regular school. Students are referred to this program by their attendance area high school. Students must also complete the withdrawal process from their attendance area high school. Re-Entry is designed to serve students for a period of one semester only.

Credits, records and graduation:

1. Students work at their own pace to retrieve credits.
2. A student learning plan will be developed by a certificated teacher before the student begins the program. The teacher will evaluate student monthly progress toward goals with evidence of learning.
3. A letter grade of S will be used for each 0.5 credit earned.
3. Attendance and academic records will be maintained by the instructors.
4. All credits apply toward the course of study leading to graduation from Snohomish High School, Glacier Peak High School or AIM High School.
5. The re-entry registrar will transfer all credits, approved by the director, earned to the appropriate resident school registrar at the completion of the semester.
6. Under special circumstances and approved by the high school principal, students who complete their credits for graduation while in Re-Entry will receive a Snohomish High School or a Glacier Peak High School diploma but will not participate in commencement exercises or activities.

Adoption Date: January 14, 1998
