

THE BOARD OF DIRECTORS

Board-Superintendent Relations

The successful operation of schools requires a close, effective working relationship between the board and the superintendent. The relationship must be one of trust, good will and candor. As the legally designated governing body, the board retains final authority within the district. The superintendent is the board's professional advisor, to whom the board delegates executive responsibility.

Procedures regarding expectations and responsibilities for both the board and the superintendent will be developed.

Adoption Date: November 26, 1991
