

STUDENTS

Pregnant and Parenting Students

A pregnant and/or parenting student shall not be excluded from attendance in the regular school program solely on the grounds of either status. The district shall develop and make available at the student's option alternative educational programs designed to benefit a pregnant or parenting student's scholastic needs.

A pregnant student may be required to produce a physician's statement as to the condition of her health relative to her continued participation in the regular school program. If the statement indicates that the pregnant student's health and physical well-being mandates her withdrawal from regular school attendance, the district shall require a suitable alternative educational program.
