**This agreement may be in electronic or paper format.**

1. I will abide by Procedure 2314P, including the Code of Conduct.
2. Snohomish School District will not be liable for any direct or indirect, incidental, or consequential damages due to use of the Snohomish network, including, any damage users may suffer, from theft or loss of data.
3. Snohomish School District shall not be liable for any direct or indirect, or consequential damages (including lost data or information) sustained or incurred in connection with the use, operation, or inability to use the Snohomish network.
4. Use of the network, including use to access public networks, may be revoked by administrators at any time for violation of Procedure 2314P and the Code of Conduct within.
5. I hereby release Snohomish School District, its operators, and any institutions with which they are affiliated from any and all claims and damages of any nature arising from my use, or inability to use, the network.
6. District Network Code of Conduct (included in Procedure 2314P):
  - a. I will protect my logon and personal information from others. I will never give out personal information via the District network, such as my home, work, and/or school addresses/phone numbers, credit card number, Social Security number or driver's license number.
  - b. I will respect the privacy of other users. I will not use others' passwords.
  - c. I understand that my use of the internet via the District network must be limited to career development, limited high-quality self-initiated research, and school work. I will not use the internet for other uses while at school. I will not use the internet via the District network for my entertainment.
  - d. I will always use the internet responsibly. I will not use the District network to access pornographic or otherwise inappropriate material. I will immediately inform my teachers/parents if I encounter any information that is racist, sexist, hateful or obscene. Unless I have specific permission from the District, I will ensure that anything I publish using the District network is done in my name only, and not on behalf of the District. If I upload content using the District network, I will ensure that I have the authority to make it available to others.
  - e. I will follow appropriate online behavior, including interacting with other individuals and groups on shared documents, social media sites and in chat room and bulletin board type settings. I will not develop or distribute programs or messages that harass other users or infiltrate a computer. I will not "hack" the District network (e.g., by introducing or transmitting malicious code of any sort or type.).
  - f. I will not modify or copy files/data of other users without their consent. I will not click on links embedded in emails from unknown senders, or in emails that appear to be from someone I know but that are unusual or suspicious to me.
  - g. I will obey copyright and other intellectual property laws. I will not purport to bind the District to any license or other contract, including any click-to-agree license or other agreement, unless I have express authority from the District to do that.
  - h. I will follow any District instructions regarding maintenance or care of the District network. I will not delete or add peripheral equipment to the District network without permission. I will not destroy, modify or abuse the District network hardware or software in any way. This includes downloading or installing software without teacher consent.

- i. I will not use the District network for commercial or political purposes.
- j. I understand that the District may remove my user account if it is determined that I have engaged in unauthorized activity or am violating any part of Procedure 2314P, including this Code of Conduct.

7. Personal Electronic Devices

- a. Use of a Personal Electronic Device in school by a student is subject to available resources.
- b. The student is fully responsible for his/her device. Devices should be in the student's possession at all times. The school is not responsible for the security, loss, misplacement, theft, or damage of the device. Schools may require a separate signed parental authorization form in order for a student to bring a personal device.
- c. Students' networks (for personal devices) make use of the same filtering software as the District Network.
- d. In addition to Student Acceptable Use rules, student use Personal Electronic Devices may be subject to the rules for such use in their individual school. These rules may include but are not limited to:
