Login Area: Family/Student Acces

Family/Student Access is a wonderful tool for you as a student to keep track of your grades and homework assignments. You may access the Family/Student Access login page from our [Valley View website](#) or the District website at www.sno.wednet.edu and select Family Access/Skyward under Quick Links.

If you are an incoming 7th grade student or a brand new student to Valley View, your Login ID/Username and temporary password will be given to you by our Registrar, Mrs. Galusha. The first time you log in, you will be prompted to change your password. Please change your password to something that is easy for you to remember and do not share your student access information with anyone other than your parent or guardian. Please make note of your username and password and keep them in a safe place.

If you are a returning 8th grade student, your Login ID/Username and Password remain the same as it was last school year in seventh grade.

If you have difficulty logging into Family/Student Access, or you have forgotten or lost your login information, please come and see Mrs. Galusha in the office and she will assist you with resetting your password.
