

Looking For Child Care for children ages 0-12 ?

The Child Care Aware of Washington Family Center can help you find a customized list of child care programs in your area that meet your child care needs!

When selecting a child care program, look for these quality elements:

- Health and safety: The program is organized, safe, clean, in good standing with licensing and is practicing COVID-19 infection prevention strategies such as physical distancing, extra sanitizing and wearing face masks
- Learning environment: A nurturing environment supports the whole child
- Small group sizes and staff ratios: Help each child grow and learn
- Family relationships: Program understands parents are a child's first teacher and embraces diversity
- Staff professionalism: Staff has the knowledge and experience to meet each child's needs
