

# Information for students riding the bus

1

## PERSONAL PROTECTIVE EQUIPMENT - DRIVERS

- Drivers must always wear a face covering.
- If a cloth mask is worn, the driver must also wear a face shield while loading and unloading students.

2

## PERSONAL PROTECTIVE EQUIPMENT - STUDENTS

- Students must properly wear face coverings while riding the bus.
- If a student does not have a face covering, the driver will offer a disposable mask to the student.
- Hand sanitizer will be available at the entrance of each bus.
- Attestation will not be done at the bus stop (parents/guardians will need complete the online attestation each day prior to students arriving on campus).

3

## VENTILATION OF BUS

- Roof hatches will be open.
- Windows will be cracked open to provide air movement and ventilation.

4

## BUS LOADING AND SEATING

- Students will load and be seated from the rear of bus to the front of the bus.
- Seating will be assigned.
- Household members are encouraged to ride together in the same seat.

5

## CLEANING AND DISINFECTING PROTOCOLS

- Cleaning and disinfecting will take place when bus parks at base after morning, mid-day, and afternoon runs.
- Drivers will clean after every bus route by wiping down high touch points with disinfecting wipes (rails, backs of seats).
- Drivers will follow bus cleaning protocol when disinfecting seat belts and car seats.
