Dear families and friends,

Through a series of meetings, as well as the online engagement tool Thoughtexchange, our school district has been gathering feedback this spring from staff, families, students and community members. Many have joined us in the process. I’m happy to report that early information provided through the Thoughtexchange tool indicates that the majority of respondents (84%) noted they were satisfied to very satisfied with the Snohomish School District. Participants have also provided us with clearer information about what is most important to them as it relates to our shared values, student success and engagement. I look forward to sharing more of these learnings with you in the coming months.

There are a number of community activities planned throughout the summer which I would like you to be aware. More information on many of them is located in this issue of School Views.

With the close of this school year, I would like to thank everyone who has helped make my first year here in Snohomish so extraordinary. I hope you take time this summer to relax and enjoy time with your families and friends. I look forward to meeting and engaging with more of you throughout the summer and coming school year!

Message from the Superintendent

Dear families and friends -

I hope you are enjoying the beautiful weather and have been able to spend time with your families and friends. Our district has been working hard to ensure that our students are ready to meet the challenges of the next academic year. We have spent countless hours preparing our classrooms, schools, buses and playgrounds ready for the first day of school.

Throughout summer vacation, our teachers and support staff will engage in meaningful professional development and enrichment opportunities that will enrich our students’ lives with a wide breath of class offerings in such topics as robotics, aeronautical engineering and much more. Though our Kids' Café summer meal program, our district expects to serve about 25,000 breakfasts and lunches to those who may have otherwise gone without.

Many will spend countless hours in the weeks ahead getting our classrooms, schools, buses and playgrounds ready for the next school year. While there is much work to be done, I am confident that our teachers and support staff are committed to providing our students with the best possible education.

In July, more than 350 students will fill classrooms and hallways at our annual summer Science & Arts Academy. A group of teachers and support staff will enrich our students’ lives with a wide breath of class offerings in such topics as robotics, aeronautical engineering and much more. Though our Kids' Café summer meal program, our district expects to serve about 25,000 breakfasts and lunches to those who may have otherwise gone without.
