Surfin’ Snohomish!

The Snohomish Aquatic Center is home to the only indoor FlowRider® surf-simulation machine in all of Washington. Stand-up riders and body boarders have access to our perfect surf conditions year round – day or night – rain or shine. The FlowRider® surf-simulation machine crosses snowboarding, skateboarding and wakeboarding into an exciting ride with plenty of challenges and a whole lot of fun! We offer open surf, surf lessons, private rentals, competitions and more.

As we close out another school year, it gives me time to reflect on the countless academic and extracurricular achievements. As a community we can certainly be proud of the quality of our staff, reputation of our schools and actions of our students. Snohomish School District is a great place to learn!

We have a number of community activities planned throughout the coming months which I would like you to be aware.

• Our Kids’ Café summer feeding program, which was recently recognized by the Snohomish Chamber of Commerce with its 2017 Youth Program Award, expects to serve 154,555 summer meals have been served into the hands of thousands of kids.

• Our Book Café and summer literacy program will get books into the hands of thousands of kids.

• Throughout summer vacation, our teachers and support staff will continue to provide educational and learning experiences.

• Our custodial, maintenance and technology crews, which ensure our classrooms, schools, buses and playgrounds ready for the first day of school.

As your superintendent I have been fortunate to get to know each of our communities more deeply through our board of directors, our community councils and the Annual Meeting. I have been moved by the dedication, generosity and support of our community. Thank you for making Snohomish School District the best place to live, learn and work.

I hope you have a restful, refreshing and enjoyable summer. Let’s have fun and keep cool in the months ahead.

Dear families and friends,

As we close out another school year, it gives me time to reflect on the countless academic and extracurricular achievements. As a community, we can certainly be proud of the quality of our staff, reputation of our schools and actions of our students. Snohomish School District is a great place to learn!

We have a number of community activities planned throughout the coming months which I would like you to be aware.

• Our Kids’ Café summer feeding program, which was recently recognized by the Snohomish Chamber of Commerce with its 2017 Youth Program Award, will ensure nutritious meals and meals to underprivileged and at-risk kids’ cafés. The program is run by volunteers and members of the community.

• Our Book Café and summer literacy program will get books into the hands of thousands of kids.

• In July, hundreds of students will fill Snohomish High School’s classrooms and hallways at our annual summer Science & Arts Academy. Student leaders will be trained through a wide reach of class offerings in such topics as renewable energy, block printing, robotics, aeronautical engineering and much more.

• Throughout summer vacation, our teachers and support staff will engage in meaningful professional development and other learning experiences.

• Our custodial, maintenance and technology crews will ensure our classrooms, schools, buses and playgrounds ready for the first day of school.

As you read through this issue of School Views, please also note the important registration and meet-the-teacher dates for the upcoming 2018-2019 school year. Most importantly, as we close out the school year, I hope you take time this summer to relax and enjoy time with your families and friends.
