STUDENTS

Excused and Unexcused Absences Procedures

Students are expected to attend all assigned classes each day. School staff will keep a record of absences and tardiness, including a call log and/or records of excused statement submitted by a parent/guardian or, in certain cases, students, to document a student’s excused absences.

Excused Absence

The following are valid excuses for absences and tardiness. Assignments and/or activities not completed because of an excused absence or tardiness may be made up in the manner provide by the teacher.

1. **Absences due to:** Illness, health condition or medical appointment (including, but not limited to, medical, counseling, dental, optometry, pregnancy and in-patient or out-patient treatment for chemical dependency or mental health) for the student or person for whom the student is legally responsible; family emergency including, but not limited to, a death or illness in the family; religious or cultural purposes, including observance of a religious or cultural holiday or participation in religious or cultural instruction; court, judicial proceeding, court-ordered activity, or serving on a jury; post-secondary, technical school or apprenticeship program visitation, or scholarship interview; state recognized search and rescue activities consistent with RCW 28A.225.055; absences directly related to the student’s homeless or foster care/dependency status; absences related to deployment activities of a parent or legal guardian who is an active duty member consistent with RCW 28A.705.010; absences due to suspensions, expulsions, or emergency expulsions imposed pursuant to Chapter 392-400 WAC if the student is not receiving educational services and is not enrolled in qualifying “course of study” activities as defined in WAC 392-121-107; absences due to student safety concerns, including absences related to threats, assaults, or bullying; and absences due to a student’s migrant status; and approved activity that is consistent with the district policy and is mutually agreed upon by the principal/designee and a parent/guardian, or emancipated youth.

   When possible, the parent/guardian is expected to notify the school office on the morning of the absence by phone, email, or written note, and to provide the excuse for the absence. If no excuse is provided with the notification, the parent/guardian will submit an excuse via phone, email or written note upon the student’s return to school. Adult students (those over eighteen) and emancipated students (those over sixteen who have been emancipated by court action) will notify the school office of their absences with a note of explanation.

2. **Absence for parental-approved activities.** This category of absence will be counted as excused for purposes agreed to by the principal or designee and the parent/guardian. An absence may not be approved if it causes a serious adverse effect on the student’s educational progress. The student may not be able to achieve the objectives of the unit of instruction as a result of absence from the class.
In such a case, a parent/guardian approved absence would have an adverse effect on the student’s educational progress, including the grade for the course.

3. Absence Resulting from Disciplinary Action. As required by law, students who are removed from a class or classes as a disciplinary measure or students who have been placed on short-term or long-term suspension will have the opportunity to make up assignments or exams missed during the time they were removed from class or suspended.

4. Extended Illness or Physical Disability. If a student is unable to attend school for an estimated period of at least four (4) weeks due to an illness or disability, the district will provide the student with home or hospital instruction. To receive such services, the parent/guardian must request the services and provide a written statement to the district from a qualified medical practitioner that states the student will not be able to attend school for an estimated period of at least four (4) weeks.

5. Excused Absence for Chronic Health Condition. Students with a chronic health condition which interrupts regular attendance may qualify for placement in a limited attendance and participation program. The student and the student’s parent or guardian will apply to the principal or counselor, and a limited program will be written following the advice and recommendations of the student’s medical advisor. The recommended limited program will be approved by the principal. Staff will be informed of the student’s needs, though the confidentiality of medical information will be respected at the parent’s/guardian’s request.

Required conference for elementary school students

If an elementary school student has five (5) or more excused absences in a single month during the current school year or ten (10) or more excused absences in the current school year, the district will schedule a conference with the student and their parent/guardian at a reasonable convenient time. The conference is intended to identify barriers to the student’s regular attendance and to identify supports and resources to the student is able to regularly attend school.

The conference must include at least one school district employee, preferably a nurse, counselor, social worker, teacher or community human service provider, and may occur on the same day as the scheduled parent-teacher conference, provided it takes place within thirty (30) days of the absences. If the student has an Individualized Education Program or a Section 504 Plan, the team that created the program must reconvene. A conference is not required if prior notice of the excused absences was provided to the district or if a doctor’s note has been provided and a plan is in place to ensure the student will not fall behind in their coursework.

Unexcused Absences

An “unexcused absence” means that a student has failed to attend the majority of hours or periods in an average school day, has failed to comply with a more restrictive school district policy on absences, or has failed to comply with alternative learning experience program attendance requirements. Unexcused absences occur when:
1. The parent/guardian or adult student submits an excuse that does not meet the
definition of an excused absence as defined above; or

2. The parent/guardian, or adult student fails to submit any type of excuse statement,
whether by phone, e-mail, or in writing, for an absence.

Each unexcused absence within any month of the current school year will be followed by a
letter or phone call to the parent/guardian informing them of the potential consequences of
additional unexcused absences. If the parent/guardian is not fluent in English, the school will
make reasonable efforts to provide this information in a language in which that parent or
guardian is fluent. A student’s grade will not be affected if no graded activity is missed during
such an absence.

After three (3) unexcused absences within any month of the current school year, the school
will hold a conference with the principal/designee, student and parent/guardian to identify the
causes of the student’s absenteeism. If a regularly scheduled parent-teacher conference is
scheduled to take place within thirty (30) days of the third (3rd) unexcused absence, the district
may schedule the attendance conference on the same day. If the student’s parent/guardian
does not attend the scheduled conference, the school may hold the conference with the
student and principal/designee. However, the school will notify the parent/guardian of the
steps to eliminate or reduce the student’s absences.

At some point after the second (2nd) and before the fifth (5th) unexcused absence the district
will take data-informed steps to eliminate or reduce the student’s absences. In middle and high
school, these steps will include application of the Washington Assessment of Risks and Needs of
Students (WARNS) or other assessment by the district’s designated employee.

For any student with an existing Individualized Education Program (IEP) or Section 504 Plan,
these steps will include convening the student’s IEP team or Section 504 team, including a
behavior specialist or mental health specialist where appropriate, to consider the reasons for
the student’s absences. If necessary, and if the parent/guardian provides consent, a functional
behavior assessment to explore the function of the absence behavior will be conducted and a
detailed behavior plan completed. Time should be allowed for the behavior plan to be initiated
and data tracked to determine progress.

For any student who does not have an IEP or Section 504 Plan, but who is reasonably believed
to have a mental or physical disability or impairment, these steps will include informing the
student’s parent/guardian of the right to obtain an appropriate evaluation at no cost to the
parent/guardian to determine whether the student has a disability or impairment and needs
accommodations, special education services, or related services. This includes students with
suspected emotional or behavioral disabilities. If the school obtains consent to conduct an
evaluation, time should be allowed for the evaluation to be completed, and if the student is
found to be eligible for accommodations, special education services, or related services, a plan
will be developed to address the student’s needs.

   a. The data informed steps will include: Providing the student with an available
approved best practice or researched-based interventions consistent with the
WARNS profile or other truancy assessment, if given;
b. Adjusting the student’s school program or course assignments;
c. Providing the student more individualized or remedial instruction;
d. Providing appropriate vocational courses or work experience;
e. Requiring the student to attend an alternative school or program;
f. Assisting the parent/guardian or student to obtain supplementary services that might eliminate or ameliorate the causes for the absence from school; or
g. Referring the student to a community truancy board.

Transfers

In the case of a student who transfers from one district to another during the school year, the sending district will provide to the receiving district the unexcused absences accumulated at the sending district, together with a copy of any WARNS or other truancy assessment, history of any best practices or research-based interventions previously provided to the student, and a copy of the most recent truancy information for that student. The information will include the online or written acknowledgment by the parent/guardian and student. The sending district will use the standard choice transfer form for releasing a student to a nonresidential school district for the purposes of accessing an Alternative Learning Experience program.

Not later than a student’s fifth (5th) unexcused absence in a month, the district will:

a. Enter into an agreement with the student and parent/guardian that establishes school attendance requirements;
b. Refer the student to a community truancy board; or
c. File a petition to juvenile court (see below).

Community Truancy Board

A “community truancy board” means a board established pursuant to a memorandum of understanding (MOU) between a juvenile court and the school district and composed of members of the local community in which the student attends school.

The district will designate and identify to the juvenile court and to the Office of the Superintendent of Public Instruction a staff member to coordinate district efforts to address excessive absenteeism and truancy, including outreach and conferences, entering into an MOU with the juvenile court, establishing protocols and procedures with the court, coordinating trainings, sharing evidence-based and culturally appropriate promising practices, identifying a person within each school to serve as a contact regarding excessive absenteeism and truancy and assisting in the recruitment of community truancy board members.

Not later than a student’s seventh (7th) unexcused absence within any month during the current school year, or a tenth (10th) unexcused absence during the current school year, if the district’s attempts to substantially reduce a student’s absences have not been successful and if the student is under the age of seventeen (17), the district will file a petition and supporting affidavit for a civil action in juvenile court.
Petition to juvenile court

The petition will contain the following:

1. A statement that the student has unexcused absences in the current school year. Unexcused absences accumulated in another school or school will be counted when preparing the petition;

2. An attestation that actions taken by the school district have not been successful in substantially reducing the student’s absences from school;

3. A statement that court intervention and supervision are necessary to assist the school district to reduce the student’s absences from school;

4. A statement that RCW 28A.225.010 has been violated by the parent/guardian or student;

5. The student’s name, date of birth, school, address, gender, race and ethnicity; and the names and addresses of the student’s parent/guardian, whether the student and parent/guardian are fluent in English, whether there is an existing individualized education program (IEP) and the student’s current academic status in school;

6. A list of all interventions that have been attempted, a copy of any previous truancy assessment completed by the student’s current school district, the history of approved best practices intervention or research-based intervention(s) previously provided to the student by the district, and a copy of the most recent truancy information document provided to the parent/guardian; and

7. Facts that support the above allegations.

Petitions may be served by certified mail, return receipt requested, but if such service is unsuccessful or the return receipt is not signed by the addressee, personal service is required. The petition may be filed by a school district employee who is not an attorney.

If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for a period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the student, to most likely cause the student to return to and remain in school while the student is subject to the court’s jurisdiction.

If the court assumes jurisdiction, the school district will periodically report to the court any additional unexcused absences by the student, actions taken by the school district, and an update on the student’s academic status in school at a schedule specified by the court. The first report must be received no later than three (3) months from the date that the court assumes jurisdiction.
All sanctions imposed for failure to comply with the attendance policies and procedures will be implemented in conformance with state and district regulations regarding discipline or corrective action. (See Policy 3241, Student Discipline.)
