CURRICULUM/INSTRUCTION/ASSESSMENT

Program Compliance

On or before October 1, the superintendent shall determine if the district is in compliance with the following program requirements:

a. Current basic curriculum materials are available for required courses of study.

b. Provision is made for the supervision of instructional practices and procedures.

c. Provision is made for the supervision of assessment practices and procedures.

d. Psychological services and testing services are maintained for students.

e. A learning resources center (library) program is maintained at each building.

f. The physical facilities of each school are reviewed annually regarding the educational program offered.

g. There is adequate provision for the health and safety of all pupils within the custody of the school district.

h. Appropriate measures are taken to safeguard all students and school district permanent records against loss or damage.

i. Current policies and procedures pertaining to the administration and operation of the school district are available in each school's administrative office.

j. The district is in compliance with the statutes which prohibit unequal treatment of students on the basis of race, sex, creed, color, and national origin.

k. A school performance report is published annually and is made available at each school in the district for examination by the public.

l. Within each school, the school principal has determined that appropriate student discipline is established and enforced. The school principal has conferred with the certificated employees in the school building in order to develop and/or review building disciplinary standards and the uniform enforcement of those standards.

m. Written high school graduation requirements and rules have been adopted by the school district board of directors.

Adoption Date: January 22, 1992
Revised: April 23, 1997
