STRATEGIC PLANNING

Goals

The goals of the Snohomish School District are:

• Curriculum, Instruction, and Assessment:
  Provide curriculum, instruction and assessment designed to enhance the achievement of learners.

• Continuous Training and Development:
  Provide continuous training and development for all stakeholders in the community for the benefit of students.

• High Performing Organization:
  Organize the district (based on information collected from internal and external sources) in ways which support the strategic plan and allow for change.

• Committed Involvement and Partnerships:
  Provide for increased involvement and partnerships for parents, community members and staff.

• Effective Communication:
  Enhance internal and external communication.
