State Environmental Protection Act

Snohomish School District No. 201, Snohomish County, recognizes its obligation to give appropriate consideration to environmental values in any decision-making or action it proposes to take, and whereas, the State Environmental Protection Act (SEPA), specifically Chapter 43.21C, and the guidelines adopted by the Department of Ecology, effective April 4, 1984, require all local agencies of government, including school districts, to adopt their own set of policies and rules governing the implementation of said Act consistent with the guidelines, the Board of Directors of Snohomish School District No. 201, Snohomish County, herewith adopts the attached revised procedures to govern the implementation of SEPA and SEPA guidelines.

Adoption Date: November 22, 1993

Revised: February 2, 2005
