Naming Facilities: Procedure

The naming of a facility shall take place in the following manner:

- A. The Superintendent or designee shall select a committee whose purpose shall be to submit to the Board a list of no more than three names for the new school. The list shall briefly state, along with each name, why the committee nominated each name. The committee shall solicit nominations from students and the community.
- B. The committee shall, whenever possible, follow these guidelines:
 - 1. Each name shall be known to, and significant to, the people of the District.
 - 2. The names submitted shall not conflict with the names of other schools in the District or surrounding districts.
 - 3. The use of personal names will not be allowed.
- C. The Board shall select the name of the new facility from the list provided by the committee. If for any reason the names suggested by the committee are unacceptable to the Board, the Board can request that the committee reconvene and select three new names to be presented to the Board. Formal dedication of the facility shall take place on a date and time specified by the Board.
