## Did you know?.....

### More on CAP...

- Supports student learning and classroom teachers
- Focus on literacy and math, available to teach any content area
- Students may receive one-on-one or small group instruction which focuses on strengthening skills already taught in the classroom, and/or re-teaching skills and concepts that are not mastered yet
- Additional support and assistance for Teachers and Students during state and district assessments
- Students make personal connections with another teacher/adult who is their cheerleader, believes in them and is committed to their success
