Dear Families,

It is hard to believe that this will be my last letter for the AIM newsletter. Time is certainly going by fast as I try to close out a very long career in the Snohomish School District-24 at AIM and 42 overall in the district. While it is hard to say good-bye, I will continue my relationships with staff, have started a scholarship, and will help Derek with kids in need (from behind the scenes). I will also come to the next few graduations until I don’t know any of the students! That is the best day of the year for all of us! I have many good friends at AIM so I know I will be staying in touch with them as well.

In leaving I have to say that I have had the pleasure of working with amazing students, parents, and staff. Together we have made AIM a great place for kids to learn and to thrive emotionally.

I am so proud of all of the resilience most of our students have shown during an extremely difficult time. And I am proud of our staff who worked extra hard to make this work. Communication and changing how assignments were sent and received, was a challenge for all. We learned a lot regarding distant learning and will be more prepared for the fall as we will most likely be doing some combination of in person and distant.

Graduation will be over when you receive this, so please congratulate any of our seniors that you run into or know! They had quite the unique experience and we gave them the best send off that we were allowed to do! Pictures to follow!

Have a great summer and I will be checking in on “my kids”: I’ll give Doug Plucker some time and then I will visit!

Grateful for my time with you,

June
