

In-Person Learning

Here's what the school day will look like for our students.

BEFORE SCHOOL

1

An adult in my home checks me for symptoms of COVID-19 and completes the online attestation. If I don't have a fever or symptoms, I get ready for school. I remember my backpack, supplies and my mask.

2

BUS RIDERS

I wear my mask and ride on the bus with the windows lowered to create ventilation. I sit next to my siblings.

3

ARRIVING AT SCHOOL

I wear my mask, keep my distance from others, and enter the school following the guidance of school staff members.

4

DURING THE DAY

I keep my mask on and clean my hands before and after eating, after using the bathroom, after recess and at other times throughout the day.

5

LUNCH AND RECESS

I follow the directions of school staff on the playgrounds and fields. I have fun playing with my friends, but I try to keep my distance, and I keep my mask on, even when I'm outside. I clean my hands before I eat my lunch.

If I'm getting a school lunch, I walk to pick it up and eat at my assigned location in the cafeteria. If I brought my lunch, I unpack it from my backpack and eat at my assigned place in the cafeteria.

6

DURING THE DAY

I follow the guidance of my teacher to exit the building. If I ride the bus, I keep my mask on, and I get on the bus the same way I do in the morning. If I am picked-up, I keep my mask on while I wait for my ride.
