In those selected areas, District operations complied, in all material respects, with applicable state laws, regulations, and its own policies, and provided adequate controls over the safeguarding of public resources.

In keeping with general auditing practices, we do not examine every transaction, activity, policy, internal control, or area. As a result, no information is provided on the areas that were not examined.

About the audit

This report contains the results of our independent accountability audit of Snohomish School District No. 201 from September 1, 2021 through August 31, 2022.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

This audit was conducted under the authority of RCW 43.09.260, which requires the Office of the Washington State Auditor to examine the financial affairs of all local governments. Our audit involved obtaining evidence about the District's use of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters. The procedures performed were based on our assessment of risks in the areas we examined.

Based on our risk assessment for the year ended August 31, 2022, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. We examined the following areas during this audit period:

- Cash receipting – timeliness and completeness of deposits, voids and adjustments
- Payroll – electronic funds transfers
- Use of restricted funds – professional learning
- Use of restricted funds – local revenue for enrichment activities
- Compliance with supplemental contracts for enrichment activities
- Financial condition – reviewing for indications of financial distress
- Open public meetings – compliance with minutes, meetings, and executive session requirements
